Comments from the INAP Manager;

It has been another exciting year for INAP Training & Development Provider (INAP).

Our Semester 1 courses have received excellent response from students and VET Coordinators and our numbers have continued to grow.

VET is one of the most diverse education and training sectors in Australia. We are proud to work with quality assured professional RTO's and trainers in the 40 VET course that we offer. Apart from an on-the-job practical component to many of our courses, the skills, knowledge and opportunities students gain from undertaking the INAP VET courses are endless.

We are so thrilled to be involved in such a valuable part of our student's future learning

Rachel Rowett
